

Open Days 2010-2011

Listed below are the dates of the annual open days – where known – of mainstream independent schools in Scotland. Schools are listed alphabetically under geographic region. Some schools do not hold annual open days but welcome visitors, by appointment, throughout the school year (i.e. during term time) which gives visitors a chance to see the school “at work”.

Please note that school open days usually follow a structured programme – they are not ‘drop-in’ events - so visitors are asked to arrive at the published start time. Precise dates and times will be published on individual school websites.

This list is accurate as at 1 September 2011.
